

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Manna Capital LLC  
DOCKET NO.: 10-32282.001-R-1  
PARCEL NO.: 13-36-227-067-0000

The parties of record before the Property Tax Appeal Board are Manna Capital LLC, the appellant, by attorney Robert M. Sarnoff of Sarnoff & Baccash in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,222  
**IMPR.:** \$17,953  
**TOTAL:** \$25,175

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction with 2,560 square feet of living area. The dwelling is approximately 6 years old. Features of the home

include a full basement finished with a recreation room, central air conditioning and a 2-car garage. The property has a 2,675 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on February 22, 2010 for a price of \$251,750. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,240. The subject's assessment reflects a market value of \$542,400 or \$211.88 per square foot of living area, land included, when applying the level of assessments for class 2-78 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables of which two sold. The comparables sold in November 2007 and February 2009 for prices of \$780,000 and \$1,151,000 or \$285.71 and \$381.88 per square foot of living area, land included.

The appellant's attorney submitted a rebuttal brief in response to the board of review's evidence.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in February 2010 for a price of \$251,750. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The

appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and the property had been advertised on the open market. In further support of the transaction the appellant submitted a copy of the HUD-1 settlement statement and a copy of a page from the Cook County Recorder of Deeds website disclosing the property sold for a price of \$252,000 and transferred by a special warranty deed from the office. The Board finds the purchase price is below the market value reflected by the assessment. Less weight was given to the sales submitted by the board of review because no adjustments were made to account for differences from the subject. Furthermore, board of review comparable #3 sold in 2007, not as proximate in time to the assessment date at issue. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
