

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Seth Rubin
DOCKET NO.: 10-32734.001-R-1
PARCEL NO.: 17-20-317-033-0000

The parties of record before the Property Tax Appeal Board are Seth Rubin, the appellant, by attorney Daniel J. Farley of the Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,680
IMPR.: \$9,820
TOTAL: \$20,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family dwelling of frame construction with 1,492 square feet of living area. The dwelling is 27 years old. Features of the home

include a full unfinished basement and central air conditioning. The property has a 4,450 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 row house under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 2, 2009 for a price of \$205,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,180. The subject's assessment reflects a market value of \$348,770 or \$233.76 per square foot of living area, land included, when using the 2010 three year average median level of assessments for class 2 property of 8.94% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on a total of eight equity comparables, four comparables for each of the two dwellings in the row house.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in December 2009, approximately a month prior to the assessment date of January 1, 2010, for a price of \$205,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant submitted a copy of the sales contract, settlement statement from the purchase, and a copy of the Multiple Listing Service (MLS) listing. The Board finds the

purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. In addition, the Board finds the equity information presented by the board of review does not address the appellant's overvaluation argument and was given no weight. Based on this record and the limited market value evidence, the Board finds a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
