

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Bollacker
DOCKET NO.: 10-32992.001-R-1
PARCEL NO.: 30-31-301-003-0000

The parties of record before the Property Tax Appeal Board are Robert Bollacker, the appellant, by attorney William I. Sandrick, of Sandrick Law Firm LLC in South Holland; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,437
IMPR.: \$ 15,969
TOTAL: \$ 18,406

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 40-year old, two-story, mixed-use building containing 2,278 square feet of building area. The first floor commercial space is utilized as a restaurant, which includes a service counter, food preparation area, dining area, storage room, and half bath. The second floor contains two one-bedroom apartment units. The property has a 7,500 square foot site and is located in Lansing, Thornton Township, Cook County. The property is a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$90,000 as of January 1, 2010. The suggested comparables are described as follows: comparable #1 is a retail building located in Hazel Crest; comparable #2 is a medical building located in Lansing; comparable #3 is a distressed sale of an office building located in Homewood; comparable #4 is a retail building in Lansing; and comparable #5 is a medical building in Calumet City that sold in a non-arm's length transaction. The properties sold in 2009 and 2010 for prices ranging from \$36.25 to \$42.49 per square foot, including land. None of the suggested comparables were mixed-use properties containing both commercial and residential usage.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$18,406. The subject's assessment reflects a market value of \$205,884 or \$90.38 per square foot of living area, including land, when applying the 2010 three year median level of assessment of 8.94% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted four equity comparables of mixed-use properties.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet his burden of proof and a reduction in the subject's assessment is not warranted.

The Board does not find the appraisal conclusion submitted by the appellant to be persuasive as the appraiser failed to include any mixed-use properties in the appraisal. Additionally, he stated that comparable #5 was a non-arm's length transaction, yet did not address this in his adjustments. However, the Board will review the five unadjusted comparables submitted by the appraiser. The Board finds that the unadjusted sale prices range from \$36.25 to \$42.49 per square foot, including land. The subject's assessment reflects a market value of \$90.38 per square foot of living area, including land, which is above the range of the only comparables contained in the record. However, the Board finds these comparables vary greatly from the subject in use, design, and location. Additionally, comparable #5 was a non-arm's length transaction. After considering adjustments for the similarities and the differences in the comparables as compared to the subject, the Board finds the subject's per square foot

assessment is supported and a reduction in the subject's
assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
