

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: New Hope Investment LLC
DOCKET NO.: 10-33057.001-R-1
PARCEL NO.: 29-10-234-004-0000

The parties of record before the Property Tax Appeal Board are New Hope Investment LLC, the appellant, by attorney Stephanie Park of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,764
IMPR: \$2,736
TOTAL: \$4,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry construction. The dwelling is approximately 35 years old and has 1,099 square feet of living area. Features of the home include a partial finished basement and central air conditioning. The property has a 5,430 square foot site and is located in Dolton, Thornton Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on April 21, 2010 for a price of \$45,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,589. The subject's assessment reflects a market value of \$115,890 or \$105.45 per square foot of living area, land included, when using the 10% ordinance level of assessment for Class 2 residential property in Cook County.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales. These comparables sold from July 2008 to June 2010 for prices that ranged from \$115,000 to \$130,000 or from \$91.87 to \$146.23 per square foot of living area, land included.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2010 for a price of \$45,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a realtor, and the property had been advertised on the open market with the Multiple Listing Service. In further support of the transaction, the appellant submitted a copy of the settlement statement and an affidavit from the appellant's agent. In the affidavit, the agent stated that the purchase of the subject property was an arm's length transaction

and that the property had been listed for sale and advertised on the open market. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was reflective of market value. Board of review comparable sales #1 and #4 had significantly less living area than the subject and comparable sale #3 had considerably more living area. In addition, the sale dates of comparables #2-#4 were not as proximate to the assessment date at issue as the sale of the subject in April 2010. As a result, the Board gave the board of review's market evidence little weight.

Based on this record, the Board finds the subject property had a market value of \$45,000 as of January 1, 2010. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
