

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Montgomery
DOCKET NO.: 10-33074.001-R-1
PARCEL NO.: 02-12-406-013-0000

The parties of record before the Property Tax Appeal Board are Michael Montgomery, the appellant, by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,831
IMPR.: \$41,932
TOTAL: \$48,763

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 39 years old and has 3,228 square feet of living area. Features of the home include a partial finished basement, central air

conditioning, a fireplace and a two-car garage. The property has a 10,931 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on 12 equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,683. The subject property has an improvement assessment of \$45,852 or \$14.20 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

Both parties submitted information on a total of 16 suggested equity comparables. The comparables submitted by the board of review differed from the subject in living area and/or age and received reduced weight in the Board's analysis. The appellant's comparable #4 differed significantly from the subject in age, and comparables #5-#8 and #10-#12 had considerably less living area. As a result, these comparables also received reduced weight. The Board finds the best evidence of assessment equity to be the appellant's comparable #9. This comparable was located in the same tax block as the subject and was very similar to the subject in design, exterior construction, age and features. Additionally, the appellant's comparables #1-#3 were similar to the subject in age, living

area and foundation. These comparables had the same assigned neighborhood code as the subject; however, based on their parcel index numbers, they were not located as close to the subject as comparable #9. As a group, these four comparables had improvement assessments that ranged from \$6.47 to \$12.99 per square foot of living area. The subject's improvement assessment of \$14.20 per square foot of living area falls above the range established by the best comparables in this record. Based on this record, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
