

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Adolph  
DOCKET NO.: 10-33177.001-R-1  
PARCEL NO.: 03-06-209-004-0000

The parties of record before the Property Tax Appeal Board are William Adolph, the appellant, by attorney Stephanie Park of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$6,554  
IMPR.: \$37,245  
TOTAL: \$43,799**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately 31 years old and has 2,260 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property

has a 9,363 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on 16 equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,799. The subject property has an improvement assessment of \$37,245 or \$16.48 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted information on a total of 16 suggested equity comparables. All of the comparables submitted were similar to the subject in almost all respects. However, the appellant's comparable #8 differed from the subject in foundation and comparables #1-#3, #5-7, and #9-#11 had frame exterior construction that differed from the subject's frame and masonry exterior. As a result, these comparables received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be board of review comparable #4. This comparable was located in the same block as the subject; was identical to the subject in design, exterior construction, age and features; and was very similar in living area. In addition, the appellant's comparables #4 and #12 and board of review comparables #1-#3 were very similar to the subject in all characteristics. These six comparables had

improvement assessments that ranged from \$14.88 to \$17.92 per square foot of living area. The subject's improvement assessment of \$16.48 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
