

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Simonides
DOCKET NO.: 10-33221.001-R-1
PARCEL NO.: 07-33-105-032-0000

The parties of record before the Property Tax Appeal Board are Mark Simonides, the appellant, by attorney Stephanie Park of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,920
IMPR.: \$16,716
TOTAL: \$18,636

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story townhouse of frame construction. The dwelling is approximately 21 years old and has 1,023 square feet of living area. Features of the home include a concrete slab foundation, central air conditioning and a one-car garage. The property has a 2,134 square foot site and

is located in Schaumburg, Schaumburg Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on 12 equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,636. The subject property has an improvement assessment of \$16,716 or \$16.35 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review also submitted sale prices for two of these comparables. Comparable #1 sold in June 2009 for a price of \$182,000 or \$177.91 per square foot of living area, land included, and comparable #3 sold in April 2009 for a price of \$197,000 or for \$192.57 per square foot of living area, land included.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted information on a total of 16 suggested equity comparables. All of the comparables were two-story townhouses that were located in close proximity to the subject property. The appellant's comparables #1 and #2 had significantly more living area than the subject and received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be the appellant's comparables #3-#16 and the comparables submitted by the board of review. Thirteen of these comparables were located in the same

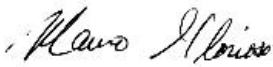

tax block as the subject. Nine of these comparables were submitted by the appellant, and the remaining four were submitted by the board of review. In addition, these comparables were all very similar to the subject in design, exterior construction, age, living area and features. These comparables had improvement assessments that ranged from \$13.29 to \$16.82 per square foot of living area. The subject's improvement assessment of \$16.34 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
