

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: JTP LLC
DOCKET NO.: 10-33281.001-R-1
PARCEL NO.: 17-07-323-029-0000

The parties of record before the Property Tax Appeal Board are JTP LLC, the appellant, by attorney Stephanie Park of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$10,971
IMPR.: \$4,379
TOTAL: \$15,350**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story multi-family dwelling of masonry construction. The dwelling is approximately six years old and has 3,711 square feet of living area. Features include three apartment units, a full finished basement and central air conditioning. The property has a 3,227 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the bases of the appeal. In support of the overvaluation argument, the appellant submitted evidence disclosing the subject property was purchased on April 26, 2010 for a price of \$153,500. In support of the inequity argument, the appellant submitted information on 12 equity comparables. Based on the evidence submitted, the appellant requested that the subject's total assessment be reduced to \$15,350.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,563. The subject's assessment reflects a market value of \$543,210 or \$146.38 per square foot of living area, land included, when using the 2010 three year average median level of assessments for class 2 property of 8.94% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted equity information and sale prices for three comparable properties.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2010 for a price of \$153,500. The appellant provided evidence demonstrating the sale had many of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property had been advertised on the open market with the Multiple Listing Service, and the property had been sold in settlement of a foreclosure. In further support of the transaction, the appellant submitted a copy of the settlement statement and an affidavit from the appellant's agent. The settlement statement revealed that a commission had been paid to

a realty firm. In the affidavit, the agent stated that the purchase of the subject property was an arm's length transaction and that the property had been listed for sale and advertised on the open market. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was reflective of market value. The board of review comparable sales were not similar to the subject in design, size and/or age. Moreover, their sale dates were not as proximate to the assessment date at issue as the sale of the subject in April 2010. As a result, the Board gave the board of review's market evidence little weight.

Based on this record, the Board finds the subject property had a market value of \$153,500 as of January 1, 2010. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

Based on the reduction granted in the market value finding, the Board finds a further reduction in the subject's assessment based on assessment inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
