

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Holden
DOCKET NO.: 10-33293.001-R-1
PARCEL NO.: 04-25-310-040-0000

The parties of record before the Property Tax Appeal Board are John Holden, the appellant, by attorney Stephanie Park of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,252
IMPR.: \$95,685
TOTAL: \$102,937

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately seven years old and has 3,129 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has an 8,058 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-

78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on eight equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,937. The subject property has an improvement assessment of \$95,685 or \$30.58 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.¹

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted information on a total of 12 suggested equity comparables. Four of the appellant's comparables were significantly older than the subject and received reduced weight in the Board's analysis. The Board finds the best evidence of assessment equity to be four of the appellant's comparables and the four comparables submitted by the board of review. The Board finds the board of review comparables #1 and #2 were very

¹ Two of the board of review comparables had their improvement assessments reduced for the 2010 tax year. The 2010 improvement assessment for board of review comparable #1 was reduced after a 20% occupancy factor and a proration factor of 40% were applied. At 100%, this comparable's 2010 improvement assessment would have been \$95,650 or \$30.78 per square foot of living area. The 2010 improvement assessment for board of review comparable #3 was reduced after a 32.6% occupancy factor was applied. At 100%, this comparable's 2010 improvement assessment would have been \$110,150 or \$30.81 per square foot of living area.

similar to the subject in living area and were also very similar in location, design, age, and most features. In addition, the Board finds the appellant's comparables #3 and #6-#8 and board of review comparables #3 and #4 had somewhat more living area than the subject but were very similar in all other characteristics. These eight comparables had improvement assessments that ranged from \$23.45 to \$33.78 per square foot of living area. The subject's improvement assessment of \$30.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
