

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joe Rashid  
DOCKET NO.: 10-33867.001-R-1  
PARCEL NO.: 17-06-210-033-0000

The parties of record before the Property Tax Appeal Board are Joe Rashid, the appellant, by attorney Anthony Lewis of the Law Offices of Gary H. Smith in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$11,400  
**IMPR.:** \$52,691  
**TOTAL:** \$64,091

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame and masonry construction. The dwelling is approximately ten years old and has 2,310 square feet of living area. Features of the home include a full unfinished basement, central air conditioning and a fireplace. The property has a 2,400 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property

under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on November 22, 2010 for a price of \$512,000 or \$221.65 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,091. The subject's assessment reflects a market value of \$640,910 or \$277.45 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential properties under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparables to demonstrate the subject was equitably assessed and provided sale prices for three of the comparables. These comparables sold from May 2007 to August 2009 for prices that ranged from \$765,000 to \$1,570,000 or from \$303.57 to \$479.51 per square foot of living area, land included.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the record disclosed the subject property sold in November 2010 for a price of \$221.65 per square foot of living area, land included. The record also disclosed that board of review comparables #2 and #3 sold in August 2009 and March 2009 for prices of \$1,570,000 and \$1,072,500 or for \$479.24 and \$436.51 per square foot of living area, land included. These two comparables sold proximate to the

assessment date, and they were similar to the subject in location, classification code, age and foundation. Additionally, comparable #3 was very similar to the subject in living area, and comparable #2 was very similar in most features.

The Board gives less weight to the subject's sale because the appellant failed to demonstrate that the sale had all the necessary elements of an arm's length transaction. In Section IV - Recent Sale Data of the residential appeal form, the appellant indicated the property was sold by HSBC Bank in settlement of a foreclosure. Additionally, the appellant stated the subject had been advertised for sale with the Multiple Listing Service; however, the appellant failed to establish the amount of time the subject had been exposed to the market, if at all. As a result, the Board finds the appellant's evidence called into question whether the subject's November 2010 sale accurately reflected its fair cash value. The subject's assessment reflects a market value of \$640,910 or \$277.45 per square foot of living area, including land, which is below the market value of board of review comparables #2 and #3. The subject's purchase price of \$512,000 or \$221.65 per square foot of living area, land included, is also significantly below the market value of board of review comparables #2 and #3, which supports the conclusion that the subject's purchase price is not indicative of fair cash value. Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
