

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kamila Jackiewicz
DOCKET NO.: 10-33901.001-R-1
PARCEL NO.: 12-36-216-039-0000

The parties of record before the Property Tax Appeal Board are Kamila Jackiewicz, the appellant, by attorney Daniel J. Farley of Law Offices of Terrence Kennedy Jr. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,506
IMPR.: \$17,264
TOTAL: \$20,770

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction with 1,023 square feet of living area. The dwelling is approximately 57 years old. Features of the home

include a full unfinished basement and a 2-car garage. The property has a 4,250 square foot site and is located in Elmwood Park, Leyden Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 15, 2010 for a price of \$130,000. The appellant failed to complete Section IV - Recent Sale Data of the residential appeal form to demonstrate the sale had the elements of an arm's-length transaction. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,770. The subject's assessment reflects a market value of \$207,700 or \$203.03 per square foot of living area, land included, when applying the level of assessments for class 2-03 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that had the same assigned neighborhood and classification codes as the subject. The comparables sold from January 2009 to November 2009 for prices that ranged from \$217,000 to \$285,000 or from \$203.18 to \$210.05 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the comparable sales submitted by the board of review. These comparables were similar to the subject in location,

living area, basement foundation and/or features. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$203.18 to \$210.05 per square foot of living area, including land. The subject's assessment reflects a market value of \$203.03 per square foot of living area, including land, which is below the range established by the best comparable sales in this record. The Board gave less weight to the subject's sale due to the fact the appellant failed to complete Section IV - Recent sale Data of the residential appeal form to demonstrate the sale had the elements of an arm's-length transaction. Futhermore, the settlement statement disclosed that the borrower and the lender had the same last name which calls into question the arm's-length nature of the transaction. Based on the evidence in the record, the Board finds the appellant has not shown by a preponderance of the evidence that the subject is overvalued and no change in the assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
