

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dimitrios Tsakios  
DOCKET NO.: 10-33968.001-R-1  
PARCEL NO.: 16-24-315-012-0000

The parties of record before the Property Tax Appeal Board are Dimitrios Tsakios, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,375  
**IMPR.:** \$14,757  
**TOTAL:** \$19,132

Subject only to the State multiplier as applicable.

**ANALYSIS**

The subject property is improved with a two-story dwelling of frame construction containing 2,688 square feet of living area. The dwelling is 121 years old. Features of the home include a slab foundation and a 1-car garage.

The appellant's appeal is based on unequal treatment in the assessment process regarding the subject's improvement. The appellant submitted limited information on five comparable properties with varying degrees of similarity to the subject. The comparables have improvement assessments ranging from \$4.17 to \$4.72 per square foot of living area. The subject's improvement assessment is \$5.49 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented descriptions and assessment information on four comparable properties with varying degrees of similarity to the subject. These properties have improvement

assessments ranging from \$6.34 to \$6.52 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Board further finds a reduction in the subject's assessment is not warranted.

The appellant contends unequal treatment in the subject's improvement assessment as the basis of the appeal. Taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not met this burden.

The Board finds that except for the board of review's comparable #2, the board of review's comparables were generally more similar to the subject in size, style, exterior construction, features and/or age. These comparables had improvement assessments that ranged from \$6.34 to \$6.52 per square foot of living area. The subject's improvement assessment of \$5.49 per square foot of living area is below the range established by the best comparables in this record. Less weight was given the appellant's comparables based on their dissimilar size and/or age when compared to the subject. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
