

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Franklin Holdings LLC
DOCKET NO.: 10-34274.001-R-1
PARCEL NO.: 16-23-214-004-0000

The parties of record before the Property Tax Appeal Board are Franklin Holdings LLC, the appellant, by attorney Anthony Lewis of the Law Offices of Gary H. Smith in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,000
IMPR: \$3,000
TOTAL: \$6,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-story, multi-family dwelling of masonry construction. The building is approximately 106 years old and has 4,509 square feet of living area. Features include three apartment units and a full unfinished basement. The property has a 3,075 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on June 2, 2010, for a price of \$60,001. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,702. The subject's assessment reflects a market value of \$277,020 or \$61.44 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential properties under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that were similar to the subject in varying degrees.¹ The comparables sold from April 2007 to May 2009 for prices that ranged from \$345,000 to \$435,000 or from \$94.24 to \$129.06 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property on June 2, 2010, for a price of \$60,001. The appellant provided evidence demonstrating the sale had many of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the seller was Bank of America, the parties to the transaction were not related, the property was sold using a

¹ With its "Notes on Appeal," the board of review presented assessment information and sales data on four comparables but did not provide their property characteristic sheets. Instead, the board of review presented property characteristic sheets on four additional properties but did not provide any sales data for these properties. These additional properties were not included in the analysis.

realtor, the property had been advertised on the open market with the Multiple Listing Service, and the property sold in settlement of a foreclosure. In further support of the transaction, the appellant submitted a copy of the settlement statement, which revealed that a commission had been paid to a realty firm. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the subject's purchase price was reflective of market value. The board of review presented four comparable sales; however, comparables #2-#4 were dated sales that occurred from April 2007 to December 2008. Comparable #1 sold more proximate to the assessment date; however, this comparable differed from the subject in land area, story height, living area and finished basement. As a result, the board of review's market evidence received reduced weight in the Board's analysis.

Based on this record, the Board finds a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
