

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wayne Zabin
DOCKET NO.: 10-34491.001-R-1
PARCEL NO.: 04-11-300-032-0000

The parties of record before the Property Tax Appeal Board are Wayne Zabin, the appellant, by attorney Leonard Schiller of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,942
IMPR.: \$63,398
TOTAL: \$98,340

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 4,201 square feet of living area. The dwelling was constructed in 1985. Features of the home include a partial basement that is finished, central air conditioning, three fireplaces and a three-car garage.¹ The property has a 36,782 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

¹ The Board finds the best evidence of the subject dwelling's size, basement size and whether the basement has finished area is the dwelling's sketch within the appellant's appraisal and the appraiser's acknowledgement of an interior inspection. (Scope of Work, Assumptions and Limiting Conditions Pg.1)

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$1,100,000 as of January 1, 2010. Based on this evidence the appellant requested the subject's assessment be reduced to \$97,900.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$115,000. The subject's assessment reflects a market value of \$1,150,000, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables.

The board of review's evidence included a list of 9 sales from the subject's neighborhood that occurred from March 21, 1990 to August 1, 2011 for prices ranging from \$430,000 to \$2,620,000.

The appellant submitted a rebuttal brief critiquing the board of review's submission and requesting the appeal be decided on the evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant estimating the subject property had a market value of \$1,100,000 as of January 1, 2010. The Board further finds the equity comparables presented by the board of review are not responsive to the overvaluation argument made by the appellant and were given less weight in its analysis. The Board also gave less weight to the 9 sales submitted by the board of review, due to their sale dates occurring less proximate in time as the sales within the appellant's appraisal. The subject's assessment reflects a market value of \$1,150,000, which is above the appraised value. The Board finds the subject property had a market value of \$1,100,000 as of the assessment date at issue. Since market value has been established the 2010 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 8.94% as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
