

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: I. H. Properties, LLC  
DOCKET NO.: 10-34499.001-R-1  
PARCEL NO.: 16-22-228-028-0000

The parties of record before the Property Tax Appeal Board are I. H. Properties, LLC, the appellant, by attorney George Michael Keane, Jr. of Keane and Keane in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,410  
**IMPR.:** \$9,590  
**TOTAL:** \$14,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story multi-family dwelling of masonry construction with 3,724 square feet of living area. The dwelling is 4 years old. Features of the home include a slab foundation and central air conditioning. The property has a 3,150 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 apartment building under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted limited evidence disclosing

the subject property was purchased on March 12, 2010 for a price of \$140,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,908. The subject's assessment reflects a market value of \$279,080 or \$74.94 per square foot of living area, land included, when using the level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables, two of which sold in January 2007 and January 2008 for prices of \$575,000 and 45,000, respectively.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in March 2010 for a price of \$140,000. The appellant provided limited evidence demonstrating the sale had the elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a Realtor and the property had been advertised on the open market, however, the appellant failed to disclose the manner and length of time it had been on the market. In further support of the transaction the appellant submitted a copy of the settlement statement, which revealed the amount of broker fees paid. The Board finds the purchase price is below the market value reflected by the assessment. The Board further finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board finds the equity comparables presented by the board of review are not responsive to the overvaluation argument made by the appellant and were given less weight in its analysis. The Board also finds the 2007 and 2008 sales submitted by the board of review do not overcome the evidence of the subject's sale. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
