

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Beth Satterfield
DOCKET NO.: 10-34565.001-R-1
PARCEL NO.: 14-31-113-035-0000

The parties of record before the Property Tax Appeal Board are Beth Satterfield, the appellant, by attorney Glenn S. Guttman of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,400
IMPR.: \$88,845
TOTAL: \$100,245

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two and one-half story dwelling of masonry construction with 3,470 square feet of living area. The dwelling is 10 years old. Features of the

home include a full finished basement, central air conditioning, a fireplace and a two-car garage.¹ The property has a 2,400 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$980,000 as of January 1, 2009.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$100,245. The subject's assessment reflects a market value of \$1,002,450 or \$288.89 per square foot of living area, when using 3,470 square feet of living area including land and when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, two of which sold in October 2009 and August 2010.

The board of review also submitted a list of 20 sales; however, no information regarding the characteristics of the properties was submitted for analysis.

The appellant submitted a rebuttal brief critiquing the board of review's submission.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

¹ The parties differ as to the subject dwellings story height, size and whether the basement has finished area.

As an initial matter regarding the subject dwelling's story height and size, the Board finds the best evidence is the appellant's appraisal. The appraisal included photographs and a sketch of the dwelling depicting a two and one-half story structure with 3,470 square feet of living area. As to whether the subject's basement has finished area, the Board finds this difference will not impact the Board's decision.

The Board finds the best evidence of market value to be the board of review's comparable sales #2 and #4. These comparables were most similar to the subject and also sold more proximate in time to the January 1, 2010 assessment date at issue. The Board gave less weight to the value conclusion from the appellant's appraisal due to its effective date of January 1, 2009, one year prior to the assessment date at issue with no adjustment for time. The Board further finds the sales relied on from the appraisal occurred greater than 14 months prior to the assessment date at issue. The best comparable sales occurred in October 2009 and August 2010 for prices of \$1,575,000 and \$1,150,000 or \$530.12 and \$408.96 per square foot of living area including land, respectively. The subject's assessment reflects a market value of \$1,002,450 or \$288.89 per square foot of living area, including land, which is below the best comparable sales in the record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
