

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Redovan Djokic
DOCKET NO.: 11-04832.001-R-1
PARCEL NO.: 14-22-309-002

The parties of record before the Property Tax Appeal Board are Redovan Djokic, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$77,228
IMPR: \$261,072
TOTAL: \$338,300

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 5,425 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, two

fireplaces and a 945 square foot attached garage. The property has a 30,056 square foot site and is located in Kildeer, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$750,000 as of January 1, 2011.

The appellant also submitted a sales grid of two additional sales for the Boards consideration.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$338,300. The subject's assessment reflects a market value of \$1,043,492 or \$192.35 per square foot of living area, land included, when using the 2011 three year average median level of assessment for Lake County of 32.42% as determined by the Illinois Department of Revenue.

As to the appellant's evidence, the board of review argued the appellant's appraiser selected three comparables located outside of the subject's immediate development, with one of the three located in a different town and the fourth comparable represents the lowest arms-length sale in the subject's neighborhood in the last three years.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales located within .36 of a mile from the subject and on the same street as the subject.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the appellant's comparable sale #2 and board of review comparable

sales #1 and #2. These comparables were most similar to the subject in location, age, size and also sold more proximate to the subject's January 1, 2011 assessment date. These comparables sold for prices ranging from \$152.43 to \$201.64 per square foot of living area, including land. The Board gave less weight the appellant's appraisal report due to the appraiser's selection of comparables more distant from the subject than the comparables offered in the appellant's sales grid and the board of review's sales grid or the selection of a comparable significantly smaller, when compared to the subject. The Board gave less weight to the appellant's sales grid comparable #1 due to its sale date occurring greater than 25 months after the subject's January 1, 2011 assessment date. Similarly, the Board also gave less weight to board of review comparable #3 due to its sale date occurring greater than 19 months prior to the subject's January 1, 2011 assessment date. The subject's assessment reflects a market value of \$192.35 per square foot of living area, including land, which is within the range established by the best comparable sales in the record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
