

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Morrison Andrew
DOCKET NO.: 11-05054.001-R-1
PARCEL NO.: 16-29-418-011

The parties of record before the Property Tax Appeal Board are Morrison Andrew, the appellant; and the Lake County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 40,247
IMPR.: \$ 269,213
TOTAL: \$ 309,460

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame construction with 4,058 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full basement that is partially finished, central air

conditioning, a fireplace and a 475 square foot garage. The property has a 9,900 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on ten comparable sales.¹

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$309,460. The subject's assessment reflects a market value of \$954,534 or \$235.22 per square foot of living area, land included, when using the 2011 three year average median level of assessment for Lake County of 32.42% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparables sales. The board of review noted that only one of the appellant's ten sales was located in the subject's assessment neighborhood and that eight of the ten sales were located outside of the subject's immediate west central Deerfield neighborhood.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sales #8, #10 and the board of review comparable sale #1 based on location, age, size, exterior construction, basement finish, features and/or date of sale. The Board gave less weight to the remaining comparables based on location and basement finish when compared to the subject. The most similar comparables sold for prices ranging from \$215.42 to \$273.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$235.22 per square foot of living area, including land, which is within the

range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
