

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ghia & Ashiah Sejal
DOCKET NO.: 11-06077.001-R-1
PARCEL NO.: 03-04-328-007

The parties of record before the Property Tax Appeal Board are Ghia & Ashiah Sejal, the appellants, by attorney Jerri K. Bush in Chicago, and the Kane County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Kane County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$20,659
IMPR.: \$78,366
TOTAL: \$99,025

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 3,100 square feet of living area. The dwelling was constructed in 1996. Features of the home include a full finished basement, central air conditioning, a fireplace

and a 3-car garage. The property has a 13,068 square foot site and is located in Algonquin, Dundee Township, Kane County.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on December 15, 2009 for a price of \$280,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,927. The subject's assessment reflects a market value of \$312,750 or \$100.89 per square foot of living area, land included, when using the 2011 three year average median level of assessment for Kane County of 33.23% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales.

In rebuttal, the appellant argued the board of review failed to refute the arm's-length nature of the subject's sale.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the evidence in this record supports a reduction a reduction in the subject's assessment.

The Board finds the best evidence of market value in the record to be the three comparable sales submitted by the board of review. These comparables were similar to the subject in location, style, construction, features, age and land area. These properties also sold proximate in time to the assessment date at issue. The comparables sold for prices ranging from \$93.55 to \$99.20 per square foot of living area, including land. The subject's assessment reflects a market value of \$100.89 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. The Board gave little weight to the subject's sale due to the

fact the sale did not occur proximate in time to the assessment date at issue. Based on this record the Board finds the subject's assessment is not reflective of market value and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
