

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Polymenakos  
DOCKET NO.: 11-20442.001-R-1  
PARCEL NO.: 16-29-203-028-0000

The parties of record before the Property Tax Appeal Board are George Polymenakos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 2,718  
**IMPR.:** \$ 18,287  
**TOTAL:** \$ 21,005

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property contains two improvements. Improvement #1 is a 95 year-old, one and one-half-story dwelling of masonry construction containing 2,289 square feet of living area and a full unfinished basement. Improvement #2 is an 84 year-old,

one-story dwelling of masonry construction containing 1,017 square feet of living area and a full unfinished basement. The property has a 3,883 square foot site and is located in Cicero Township, Cook County. Under the Cook County Real Property Assessment Classification Ordinance, Improvement #1 is a Class 2-04 property and Improvement #2 is a Class 2-03 property.

The appellant contends assessment inequity as the basis of the appeal. Although the appellant indicated on the first page of his Residential Appeal that he contends both assessment equity and comparable sales, he submitted evidence on only the equity argument. In support of this argument, the appellant submitted information on five suggested equity comparables on only Improvement #1. The appellant did not submit equity comparables on Improvement #2.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the assessment for Improvement #1 of \$10,551, or \$4.59 per square foot of living area. The Notes on Appeal also disclosed the assessment for Improvement #2 is \$7,776, or \$7.65 per square foot of living area. The total assessment of the subject is \$21,005. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables for Improvement #1, three suggested equity comparables for Improvement #2, and four suggested sales comparables.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity pertaining to Improvement #1 to be all four of the appellant's comparables, and all four of the board of review's comparables. These comparables had improvement assessments that ranged from

\$4.44 to \$5.50 per square foot of living area. The subject's Improvement #1 assessment of \$4.59 per square foot of living area falls within the range established by the best comparables in this record. The appellant did not submit evidence in support of the improvement assessment for Improvement #2. However, the board of review submitted four suggested equity comparables pertaining to Improvement #2. These comparables had improvement assessments that ranged from \$7.60 to \$7.74 per square foot of living area. The subject's Improvement #2 assessment of \$7.65 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
