

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: N. P. Dodge, Jr.
DOCKET NO.: 11-20802.001-R-1
PARCEL NO.: 16-07-310-030-1006

The parties of record before the Property Tax Appeal Board are N. P. Dodge, Jr., the appellant, by attorney David C. Dunkin, of Arnstein & Lehr, LLP in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 1,516
IMPR.: \$22,067
TOTAL: \$23,583**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a residential condominium unit contained in a 101 year-old, three-story residential condominium building of masonry construction. The property has a 12,108 square foot site and is located in Oak Park Township, Cook County. The

subject is classified as a Class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a print-out from the Cook County Recorder of Deeds website disclosing the subject property was purchased in May, 2011 for a price of \$248,500. The appellant also submitted the Warranty Deed with transfer tax stamps affixed and a Multiple Listing Service information sheet disclosing the sale in May, 2011 for the price of \$248,500. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,275. The subject's assessment reflects a market value of \$308,483 when applying the 2011 three-year average median level of assessment of 9.49% for Class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted a condominium analysis with information on suggested comparable sales for one unit in the building that sold in 2009 for a total of \$290,000. The board of review applied a 6.00% market value reduction to the subject for personal property without further evidence to arrive at an adjusted market value of \$272,600 of the one unit sold. The board of review disclosed the units sold consisted of 16.0902% of all units in the building. The result was a full value of the property at \$1,694,198. Since the subject was 17.2795% of all the units in the building, the board of review suggested the market value of the subject to be \$305,207.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May, 2011 for a price of

\$248,500. The appellant provided evidence demonstrating the sale had the elements of an arm's-length transaction. The appellant completed part of Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, and the property was sold using a Realtor. In further support of the transaction, the appellant submitted a copy of the Cook County Recorder of Deeds website print-out, the Warranty Deed and the Multiple Listing Service information sheet. The Board finds the board of review did not present any evidence to challenge the arm's-length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$248,500 as of January 1, 2011 and that a reduction in the subject's assessment is justified. Since market value has been determined, the 2011 three-year average median level of assessment of 9.49% for Class 2 property as determined by the Illinois Department of Revenue shall apply (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
