

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Wollack
DOCKET NO.: 11-21398.001-R-1 through 11-21398.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Steven Wollack, the appellant, by attorney Robert J. Klein, of Robert J. Klein Ltd. in South Elgin; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
11-21398.001-R-1	14-21-106-046-1057	3,526	25,336	\$28,862
11-21398.002-R-1	14-21-106-046-1085	306	2,861	\$ 3,167

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a class 2-99 residential condominium unit and parking space located in Lakeview Township, Cook County. The appellant argued that the market value of the

subject property is not accurately reflected in its assessed value.

In support of this overvaluation argument, the appellant submitted a copy of a settlement statement dated September 7, 2011 indicating the subject was purchased by the appellant for \$337,500. The settlement statement indicates brokers were involved in this transaction and that this was a transfer between unrelated parties. Based on this evidence the appellant requested the subject's assessment be reduced to reflect the subject's purchase price.

The board of review submitted its "Board of Review-Notes on Appeal" wherein the subject's total assessment of \$39,565 was disclosed. This assessment reflects a market value of \$416,913 using the Illinois Department of Revenue's 2011 three year median level of assessment for class 2 property of 9.49%. In support of the subject's assessment, the board of review also submitted a memorandum indicating that five units, or 7.6385% of ownership, within the subject's building sold between 2008 and 2010 for a total of \$2,405,500. An allocation of 10% per unit for personal property was subtracted from the aggregate sales price then divided by the percentage of interest of units sold to arrive at a total market value for the building of \$30,861,949. The subject's percentage of ownership, 1.5174%, was then utilized to arrive at a market value for the subject of \$468,300. The board also submitted a grid listing each unit that sold from 2008 through 2010. As a result of its analysis, the board requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did meet this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best and unrebutted evidence of market value was the purchase price of the subject property. The appellant submitted a settlement statement for the subject property showing a purchase price of \$337,500 in September 2011

with a paid brokers' commission. The appellant's evidence further indicated the transfer of the subject involved non-related parties. The Board further finds that the county failed to proffer any evidence indicating that this sale was not an arm's length transaction.

Therefore, based on the evidence contained in this record, the Property Tax Appeal Board finds that the subject property had a market value of \$337,500 for the 2011 assessment year. Since market value has been determined, the 2011 three year median level of assessment of 9.49% for class 2 property as established by the Illinois Department of Revenue shall apply and a reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
