

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rob Reder  
DOCKET NO.: 11-21797.001-R-1  
PARCEL NO.: 05-18-219-003-0000

The parties of record before the Property Tax Appeal Board are Rob Reder, the appellant, by attorney Joanne Elliott, of Elliott & Associates, P.C. in Des Plaines; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 11,800  
**IMPR.:** \$ 93,914  
**TOTAL:** \$ 105,714

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is a 13 year-old, two-story dwelling of frame construction. The parties differed as to the size of the living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a two-car garage. The property has an 8,000 square foot site and is located in New Trier Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables. The appellant also argued that the dwelling contains 3,355 square feet of living area, not 4,110 square feet as disclosed in the Cook County Assessor's records. The appellant appended a one-page sketch with notations for dimensions for each floor of the dwelling. As a result, the appellant's four equity comparables ranged from 3,255 to 3,450 square feet of living area. The sketch did not disclose a date and the source of the information disclosed within it.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$105,714. The board of review's evidence disclosed the dwelling contained 4,110 square feet of living area. The subject property has an improvement assessment of \$93,914, or \$22.85 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables and the May 2009 sale of the subject for the price of \$1,470,000.

In rebuttal, the appellant reaffirmed that his argument was based on assessment inequity, and that the board of review repeated the error of the Cook County Assessor by claiming the dwelling contained 4,110 square feet of living area instead of the 3,355 square feet claimed by the appellant.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds that the appellant failed to establish that the dwelling contained 3,355 square feet of living area. The appellant offered into evidence only a one-page sketch with dimensions without a date and a source to which this information is attributed. Therefore, for the purpose of this appeal, the Board finds the dwelling contains 4,110 square feet of living area.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1, #2, #3 and #4. These comparables had improvement assessments that ranged from \$25.19

to \$28.23 per square foot of living area. The subject's improvement assessment of \$22.85 per square foot of living area falls below the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
