

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Stanislaw Piluk
DOCKET NO.: 11-21811.001-R-1
PARCEL NO.: 02-20-101-007-0000

The parties of record before the Property Tax Appeal Board are Stanislaw Piluk, the appellant, by attorney Scott Shudnow, of Shudnow & Shudnow, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,122
IMPR.: \$ 72,645
TOTAL: \$ 78,767

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a one year-old, two-story dwelling of masonry construction. The parties differed as to the size of the dwelling and the condition of the basement. Features of the home include central air conditioning, two fireplaces and a three-car garage. The property has a 40,816 square foot site and is located in Palatine Township, Cook County. The property is a Class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$830,000 as of January 1, 2011. The appraisal disclosed that the dwelling contained 5,005 square feet of living area. The appraisal included a sketch of the interior of the dwelling with area dimension calculations and a statement that the appraisal was made from an inspection of the subject's interior. The appraisal also disclosed that the basement was finished and included color photographs of a finished basement.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$87,688. The subject's assessment reflects a market value of \$924,004 when applying the 2011 three-year average median level of assessment of 9.49% for Class 2 property as determined by the Illinois Department of Revenue (86 Ill.Admin.Code §1910.50(c)(2)).

In support of its contention of the correct assessment, the board of review submitted information on two suggested equity comparables and five unadjusted suggested sales comparables. The board of review's evidence disclosed that the dwelling contained 4,798 square feet of living area.

In rebuttal, the appellant argued that the board of review's comparables should be given diminished weight because they were based on raw, unadjusted data, and because they were dissimilar to the subject as to various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds, for the purpose of this appeal, that the dwelling contained 5,005 square feet of living area and a finished basement. The Board further finds the best evidence of market value to be the appraisal submitted by the appellant. The Board finds the subject property had a market value of \$830,000 as of the assessment date at issue. Since market value has been established, the 2011 three-year average median level of assessment of 9.49% for Class 2 property as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
