

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: S.V.B. Properties
DOCKET NO.: 11-22968.001-R-1
PARCEL NO.: 19-13-426-011-0000

The parties of record before the Property Tax Appeal Board are S.V.B. Properties, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,187
IMPR.: \$ 4,073
TOTAL: \$ 7,260

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of masonry construction with 2,460 square feet of living area. The dwelling is 86 years old. Features of the home include a full unfinished basement. The property has a 3,750 square foot site, and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on September 5, 2008. The appellant's evidence contains conflicting evidence regarding the purchase price. The special warranty deed is affixed with State of Illinois Real Estate Transfer Tax Stamps, which reflects a purchase price of \$76,500. The settlement statement lists the purchase price as being \$76,125. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,665. The subject's assessment reflects a market value of \$196,681, or \$79.95 per square foot of living area, including land, when applying the 2011 three year average median level of assessment for class 2 property of 9.49% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables and three sale comparables. The board of review's evidence also states that the subject was purchased August 2008 for \$76,500.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the undisputed purchase of the subject property in September 2008 for a price of \$76,500. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction, including disclosing that the parties to the transaction were not related, and that the property was sold using a Realtor. In further support of the transaction, the appellant submitted a special warranty deed and the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the

board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. Based on this record the Board finds the subject property had a market value of \$76,500 as of January 1, 2011. Since market value has been determined the 2011 three year average median level of assessment for class 2 property of 9.49% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
