

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Simon
DOCKET NO.: 11-23750.001-R-1
PARCEL NO.: 09-18-305-019-0000

The parties of record before the Property Tax Appeal Board are Daniel Simon, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,260
IMPR.: \$18,740
TOTAL: \$23,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry construction. The dwelling is approximately 45 years old and has 1,273 square feet of living area. Features of the home include a partial finished basement and a two-car garage. The property has a 7,410 square foot site and is located in Des Plaines, Maine Township, Cook County. The

subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on May 12, 2011 for a price of \$230,000. The appellant partially completed Section IV - Recent Sale Data of the residential appeal form and disclosed the name of the seller; that the subject's sale was not a transfer between related parties; and that the seller's mortgage was not assumed. To document the sale, the appellant submitted a copy of the Illinois real estate transfer declaration (PTAX-203), disclosing the subject property was purchased in May 2011 for a price of \$230,000. The transfer declaration revealed that the subject property had been advertised for sale. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,455. The subject's assessment reflects a market value of \$254,550 or \$199.96 per square foot of living area, land included, when applying the 10% level of assessment for class 2-34 residential property pursuant to the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on four comparables to demonstrate the subject was equitably assessed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record was the purchase of the subject property in May 2011 for a price of \$230,000. The appellant provided evidence demonstrating the sale had some of the elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data

of the appeal and disclosed the parties to the transaction were not related. In further support of the transaction, the appellant submitted a copy of the Illinois Real Estate Transfer Declaration (PTAX-203), which revealed that the subject property had been advertised for sale. The Board finds the subject's purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board finds that a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
