

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steve Priest
DOCKET NO.: 11-23757.001-R-1
PARCEL NO.: 05-33-106-003-0000

The parties of record before the Property Tax Appeal Board are Steve Priest, the appellant, by attorney Christopher G. Walsh Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$13,717
IMPR.: \$46,883
TOTAL: \$60,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with 2,565 square feet of living area of frame and masonry construction.¹ The dwelling is approximately 56 years old and has a 3-car detached garage. Features of the home include a partial basement finished with a recreation room and bedroom. The property has a 8,864 square foot site and is located in Wilmette, New Trier Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$570,000 as of January 31, 2012.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,203. The subject's assessment reflects a market value of \$662,030 or \$258.10 per square foot of living area, including land, when applying the level of assessment for class 2-78 property under the Cook County Real Property Assessment Classification Ordinance of 10%.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables of which one sold.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the appellant submitted an appraisal estimating the subject property had a market value of \$570,000 as of January 31, 2012 which is more than one year after the assessment date. Five of the sales occurred in 2011 and the appraiser made negative time adjustments indicating the market deteriorated from the sale date to the effective date of the

report. As such, the Board finds the appraisal understates the market value as of January 1, 2011. Eliminating the time adjustments the comparables have adjusted prices ranging from \$540,000 to \$697,000. Considering these sales the Board finds a reduction to the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
