

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adam Masia
DOCKET NO.: 11-23766.001-R-1
PARCEL NO.: 05-06-304-022-0000

The parties of record before the Property Tax Appeal Board are Adam Masia, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,522
IMPR: \$105,478
TOTAL: \$130,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 36 years old and has 4,383 square feet of living area. Features of the home include a full finished basement, central air conditioning, a

fireplace, an in-ground pool and a two-car garage. The property has a 16,079 square foot site and is located in Glencoe, New Trier Township, Cook County. The property is a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted an appraisal estimating the subject property had a market value of \$1,300,000 as of January 1, 2011.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$148,166. The subject's assessment reflects a market value of \$1,481,660 or \$338.05 per square foot of living area, including land, when applying the 10% level of assessment for class 2 residential properties under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted four comparables to demonstrate the subject was being equitably assessed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record was the appraisal submitted by the appellant. The appraiser developed the sales comparison approach to value and analyzed four comparable sales to arrive at the estimate of the subject's market value. The comparables that sold had sale dates from September 2010 to June 2011 and sale prices that ranged from \$1,174,000 to \$1,400,000. The Board finds the appraiser made logical adjustments to arrive at a final conclusion of value. The subject's assessment reflects a market value of \$1,481,660 that is above the only evidence of market value in the record. The Board finds the subject property had a market value of \$1,300,000 as of the assessment date at issue. Based on this

evidence, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
