

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Lojkovic
DOCKET NO.: 11-24655.001-R-2
PARCEL NO.: 05-29-202-019-0000

The parties of record before the Property Tax Appeal Board are Robert Lojkovic, the appellant(s), by attorney Mary Anne Phelan, of Much Shelist in Chicago; the Cook County Board of Review; the Avoca S.D. #37, and New Trier Twp. H.S.D. #203, intervenors, by attorney Scott L. Ginsburg of Robbins Schwartz Nicholas Lifton Taylor in Chicago.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 92,860
IMPR.: \$286,668
TOTAL: \$379,528

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is an 84 year-old, two-story dwelling of frame and masonry construction containing 9,744 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, five fireplaces and a four-car garage. The property has a 72,832 square foot site and is located in New Trier Township, Cook County. The property is a Class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four suggested equity comparables. The appellant requested a total assessment reduction to \$272,247.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$379,528. The subject property has an improvement assessment of \$286,668, or \$29.42 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three suggested equity comparables.

The intervenors, New Trier High School District 203 and Avoca School District 37, submitted information on six suggested equity comparables.

In rebuttal, the intervenors argued that the comparables submitted as evidence by the appellant should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The intervenors reaffirmed the request that the subject's assessment not be reduced.

In rebuttal, the appellant argued that the comparables submitted as evidence by the board of review and by the intervenors should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4, the board of review's comparables #2, and the intervenors' comparables #3 and #5. These comparables had improvement assessments that ranged from \$25.36 to \$48.98 per square foot of living area. The subject's improvement assessment of \$29.42 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and holds that a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
