Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a residential condominium building. The building contains 30 condominium units. The property is 50 years old, has a 23,443 square foot site, and is located in Lake View Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on ten units that sold in the building. These sales occurred from January 2010 to May 2011 and sold for prices ranging \$22,000 and \$58,000. The appellant submitted copies of printouts from the Cook County Recorder of Deeds showing the ten sales occurred and the deed trail for units ending in 1003, 1004, 1007, and 1008, and a copies of the Multiple Listing Service printouts for nine of the ten sales.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$347,996. The subject's assessment reflects a market value of \$3,479,960 when applying the level of assessment for class 2 properties of 10.00% as determined by the Cook County classification ordinance.

In support of the subject's assessment, the board of review submitted a memo from Dan Michaelides, Cook County Board of Review Analyst. The memorandum shows that five units in the subject's building, or 18.5130% of ownership, sold in 2007 for an aggregate price of \$1,238,000. An allocation of 2.00% for personal property was subtracted from the sales prices,

and then divided by the percentage of interest of the units to arrive at a total market value for the building of \$6,553,449.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of market value to be the sales of the ten units in the subject building. These units sold for \$368,000, or 35.79120% of ownership. The total sale price was then divided by the percentage of interest of the units to arrive at a total market value for the building of \$1,028,186 as of the assessment date of issue. Since market value has been established the 2011 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10.00% will apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
