

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: New Hope Investment, LLC
DOCKET NO.: 11-26582.001-R-1
PARCEL NO.: 24-01-108-053-0000

The parties of record before the Property Tax Appeal Board are New Hope Investment, LLC, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Rolling Meadows; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds A Reduction in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,180
IMPR.: \$ 3,720
TOTAL: \$ 5,900

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16 160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a one and one-half-story dwelling of masonry construction with 820 square feet of living area. The dwelling is 62 years old. Features of the home include a full unfinished basement and a two-car garage. The property has a 5,131 square foot site, and is located in Evergreen Park, Worth Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance. The subject is owned by a business entity, and therefore, is not owner-occupied.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables.

The appellant's appeal is also based on overvaluation. In support of this argument the appellant submitted evidence that the subject was purchased on August 10, 2011 for a price of \$59,000, or \$71.95 per square foot of living area, including land. In Section IV – Recent Sale Data of the Board's residential appeal form, the appellant stated that the subject was purchased pursuant to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,020. The subject property has an improvement assessment of \$8,840, or \$10.78 per square foot of living area. The subject's assessment reflects a market value of \$110,200, or \$134.39 per square foot of living area, including land, when applying the 2011 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables and one sale comparable. The board of review's evidence also states that the subject was purchased in August 2010 for \$59,000.

In rebuttal, the appellant argued that the board of review did not contest the purported arm's-length nature of the sale of the subject, and that the board of review's comparables were not similar to the subject for various reasons.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Initially, the Board finds that the sale of the subject in August 2011 was a "compulsory sale." A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. The appellant states in Section IV – Recent Sale Data of the Board's residential appeal form that the sale of the subject in August 2011 was pursuant to a foreclosure. Based on this admission, the Board finds that the sale of the subject in August 2011 was a compulsory sale.

Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sales of comparable properties submitted by the parties to revise and/or correct the subject's assessment. However, the Board finds that there is no evidence in the record to contradict the fair market value of the subject's sale price except for one comparable sale submitted by the board of review. The Board does not find this sole comparable sale is enough to contradict the appellant's assertion that the sale of the subject in August 2011 for \$59,000 was at its fair cash value.

Therefore, the Board finds the best evidence of market value to be the purchase of the subject property in August 2011 for a price of \$59,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction, including disclosing that the parties to the transaction were not related, that the property was sold using a Realtor, and that it was advertised on the open market with a listing on the MLS for 35 days. In further support of the transaction, the appellant submitted the affidavit of Brian Filipiak, an agent of the appellant, and the settlement statement. The Board finds the purchase price is below the market value reflected by the assessment. Based on this record the Board finds the subject property had a market value of \$59,000 as of January 1, 2011. Since market value has been determined the 2011 statutory level of assessment for class 2 property under the Cook County Real Property Assessment Classification ordinance of 10.00% shall apply. 86 Ill.Admin.Code §1910.50(c)(2). Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
