

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: George Capra c/o Timothy E. Moran
DOCKET NO.: 11-26787.001-R-1
PARCEL NO.: 17-08-108-018-0000

The parties of record before the Property Tax Appeal Board are George Capra c/o Timothy E. Moran, the appellant(s), by attorney Timothy E. Moran, of Schmidt Salzman & Moran, Ltd in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 10,455
IMPR.: \$ 58,690
TOTAL: \$ 69,145

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2010 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two improvements on a 3,075 square foot site. Improvement #1 is a three-story, three unit apartment dwelling of frame construction with 3,087 square feet of living area. The dwelling was constructed in 1885. Improvement #2 is a two-story, single-family dwelling of frame construction with 1,108 square feet of living area. The property is located in Chicago, West Chicago Township, Cook County and classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables for improvement #1 and three equity comparables for improvement #2.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$69,145. Improvement #1 has an improvement assessment of \$31,567 or \$10.23 per square foot of living area. Improvement #2 has an improvement assessment of \$27,123 or \$24.48 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables for each improvement.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity regarding improvement 1 to be the appellant's comparables #1, #2, and #4 and the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$8.38 to \$13.10 per square foot of building area. The subject's improvement assessment of \$10.23 per square foot of building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement #1 was inequitably assessed and a reduction in the subject's assessment is not justified.

The Board finds the best evidence of assessment equity regarding improvement #2 to be the appellant's comparables and the board of review's comparables #2, #3 and #4. These comparables had improvement assessments that ranged from \$8.38 to \$28.04 per square foot of building area. The subject's improvement assessment of \$24.48 per square foot of building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement #2 was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
