

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arthur Lyons  
DOCKET NO.: 11-26897.001-R-1 through 11-26897.002-R-1  
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are Arthur Lyons, the appellant, by attorney Christopher G. Walsh, Jr. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

<b>DOCKET NO</b>	<b>PARCEL NUMBER</b>	<b>LAND</b>	<b>IMPRVMT</b>	<b>TOTAL</b>
11-26897.001-R-1	18-06-210-005-0000	3,097	21,411	\$24,508
11-26897.002-R-1	18-06-210-006-0000	6,160	49,959	\$56,119

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of two parcels that are improved with a two-story dwelling of frame and masonry construction. The dwelling is approximately 23 years old and has 2,863 square feet of living area. Features of the home include a full

finished basement, central air conditioning, a fireplace and a two-car garage. The property has a total of 13,225 square feet of land area and is located in Western Springs, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of the inequity argument, the appellant submitted information on four equity comparables.

The appellant also submitted the final decision of the board of review, dated February 24, 2012, wherein the subject property's 2011 assessment totaling \$80,627 was disclosed.<sup>1</sup> The subject property has an improvement assessment of \$71,370 or \$24.93 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for one of the subject's parcels (18-06-210-005) of \$24,508. In support of the assessment, the board of review submitted information on three equity comparables.

#### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties submitted information on a total of seven suggested equity comparables. The appellant's comparables #3 and #4 were substantially older than the subject and received reduced weight in the Board's analysis. The appellant's comparable #2 and board of review comparable #3 differed significantly from the subject in living area and also received reduced weight. The

<sup>1</sup> The board of review submitted assessment information on just one of the subject property's two parcels.

Board finds the best evidence of assessment equity to be appellant's comparable #1 and board of review comparables #1 and #2. The appellant's comparable #1 was most similar to the subject in living area, and board of review comparables #1 and #2 were most similar in age. These three comparables were also very similar to the subject in location, design and features. These comparables had improvement assessments that ranged from \$17.65 to \$27.07 per square foot of living area. The subject's improvement assessment of \$24.93 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
