

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Royal Lithographers  
DOCKET NO.: 11-27940.001-R-1  
PARCEL NO.: 17-32-119-072-0000

The parties of record before the Property Tax Appeal Board are Royal Lithographers, the appellant, by attorney Brian P. Liston of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,900  
**IMPR.:** \$37,469  
**TOTAL:** \$44,369

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story dwelling of masonry construction. The dwelling is approximately two years old and has 2,903 square feet of living area. Features of the home include a full finished basement, central air conditioning, a fireplace and a two-car garage. The property has a 2,760 square foot site and is located in Chicago, South Chicago Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

When completing Section 2d of the appeal form, the appellant indicated the appellant was being based on overvaluation. However, the appellant submitted equity evidence instead of

comparable sales. As a result, the Board will consider assessment inequity to be the basis of this appeal. In the grid analysis, the appellant submitted information on three equity comparables. The appellant also provided information on a fourth equity comparable not listed in the grid analysis.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$44,639. The subject property has an improvement assessment of \$37,739 or \$13.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

#### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant's comparables have significantly less living area than the subject, and at least three of these comparables are also dissimilar in story height.<sup>1</sup> As a result, the appellant's comparables received reduced weight in the Board's analysis. Board of review comparables #1 and #3 are also dissimilar in story height, and comparable #3 has significantly less living area than the subject. As a result, these two comparables also received reduced weight.

The Board finds the best evidence of assessment equity to be board of review comparable #4. This comparable is a three-story masonry dwelling located in the same tax block as the subject and identical to the subject in age, living area and features. Additionally, comparable #2 is also very similar to the subject in every characteristic. Board of review comparables #2 and #4 have improvement assessments of \$16.89 and \$14.72 square foot of living area, respectively. The subject's improvement assessment of \$13.00 per square foot of living area falls below the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

<sup>1</sup> The appellant provided incomplete descriptive information for comparable #3.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
