

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Demaret
DOCKET NO.: 11-28226.001-R-1
PARCEL NO.: 13-11-313-007-0000

The parties of record before the Property Tax Appeal Board are Kevin Demaret, the appellant(s), by attorney Francis W. O'Malley, of Worssek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 7,392
IMPR.: \$ 20,129
TOTAL: \$ 27,521

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of a two-story dwelling of frame construction with 3,096 square feet of living area. The dwelling is 131 years old. Features of the home include a slab, and a two-car garage. The property has a 4,620 square foot site, and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$290,000 as of February 22, 2010. The appellant also submitted evidence disclosing the subject property was purchased on February 26, 2007 for a price of \$274,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,000. The subject's assessment reflects a market value of \$368,809, or \$119.12 per square foot of living area, including land, when applying the 2011 three year average median level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.49% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables and two comparable sales.

In rebuttal, the appellant argued that the board of review's evidence should be given no weight because it was unresponsive to the appellant's market value argument.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$290,000 as of the assessment date at issue. Since market value has been established the 2011 three year average median level of assessment for class 2 property of 9.49%
