

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Fischer  
DOCKET NO.: 11-29452.001-R-1  
PARCEL NO.: 30-07-209-002-0000

The parties of record before the Property Tax Appeal Board are Chris Fischer, the appellant(s), by attorney Peter D. Verros, of Verros, Lafakis & Berkshire, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$ 1,500  
**IMPR.:** \$ 2,771  
**TOTAL:** \$ 4,271

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board (the "Board") finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject consists of a one-story dwelling of masonry construction with 2,250 square feet of living area. The dwelling is 48 years old. Features of the home include a crawl and a two-car garage. The property has a 5,000 square foot site, and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$45,000 as of January 1, 2011. The appraisal states that the subject was purchased on April 22, 2011 for \$26,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,500. The subject's assessment reflects a market value of \$110,643, or \$49.17 per square foot of living area, including land, when applying the 2011 three year average median level of assessment for class 2 property of 9.49% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables and four sale comparables. The board of review's evidence also states that the subject was purchased in November 2011 for \$106,500.

#### Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The sale of the subject in April 2011 for \$26,000 was mentioned by the appraiser, and presumably was taken into consideration in the appraisal. Furthermore, the sale of the subject in November 2011 for \$106,500 was given diminished weight, as it took place almost a year after the lien date, whereas the appraisal's effective date was the lien date of January 1, 2011. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$45,000 as of the assessment date at issue. Since market value has been established the 2011 three year average median level of assessment for class 2 property of 9.49%
