

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Khoury
DOCKET NO.: 11-30022.001-R-1
PARCEL NO.: 06-36-301-006-0000

The parties of record before the Property Tax Appeal Board are Daniel Khoury, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 3,153
IMPR.: \$ 9,731
TOTAL: \$12,884

Subject only to the State multiplier as applicable.

ANALYSIS

The subject property consists of a 20-year-old, one-story dwelling of frame construction with 980 square feet of living area. Features of the home include a 1.5-car garage. The property has a 9,702 square foot site and is located in Hanover Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance. The appellant argued that the fair market value of the subject was not accurately reflected in its assessed value as the basis of the appeal.

In support of the market value argument, the appellant submitted recent sale data on the subject as well as a copy of the settlement statement and Multiple Listing Service (MLS) printout of the subject property. The appellant's pleadings indicate: that the subject was purchased on June 18, 2009 for \$81,950; that the sale was not between related parties; and that the property was sold by Wells Fargo Bank. Based upon this evidence, the appellant requested a reduction in valuation.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$12,884 was disclosed. The subject's final assessment reflects a fair market value of \$135,764 or \$138.53 per square foot of living area when the Illinois Department of Revenue's 2011 three-year median level of assessment of 9.49% for Cook County Class 2 properties is applied.

The board of review argues that the 2009 purchase of the subject property was not at fair cash value, but was a compulsory sale under Illinois Law and the Property Tax Code. In support of this assertion, the board of review submitted a printout from the Cook County Recorder of Deeds database for public records relating to the transaction history of this property. The board of review asserted that the search reflects: that in April, 2008, Wells Fargo Bank placed a lis pendens on the subject property; and that Wells Fargo Bank conveyed the subject to the appellant in June, 2009. Therefore, the board of review indicated that this transaction history supports the assertion that this was a compulsory sale.

In support of the subject's assessment, the board of review presented sales information on four suggested comparables. The properties sold between May, 2009 and November, 2011, for prices ranging from \$152.92 to \$212.12 per square foot of living area.

At hearing, the appellant argued that the subject property was advertised on the open market and other buyers had the chance to purchase it. The board of review rested on their four comparable sales.

After reviewing the record, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. National City Bank of Michigan/Illinois v. Illinois Property Tax Appeal Board, 331 Ill.App.3d 1038 (3rd Dist. 2002); Winnebago County Board of Review v. Property Tax Appeal Board, 313 Ill.App.3d 179 (2nd Dist. 2000). Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. 86 Ill.Admin.Code 1910.65(c). Having considered the market value evidence presented, the Board concludes that this evidence indicates a reduction is not warranted.

In determining the fair market value of the subject property, the Board looks to the evidence and testimony presented by the parties. The board of review showed evidence of the lis pendens and the appellant checked off, in Section IV, that the property was foreclosed. Thus, the Board finds that appellant's recent sale was a compulsory sale.

A "compulsory sale" is defined as

(i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sales of comparable properties which were submitted by the parties. In considering the compulsory sale of the subject property the Board looks to both the appellant's evidence and the board of review's comparables. The Board finds that the appellant's evidence reflects a purchase of the subject of \$81,950 as market value for the subject in 2009, or \$83.62 per square foot. On the contrary, the board of review's comparables sold between May, 2009 and November, 2010 and ranged from \$152.92 to \$212.12. Therefore, the subject's sale falls below the range of sales in the record. Therefore, the Board finds the subject's 2009 sale is not reflective of the market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
