

**AMENDED
FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Larry Finn
DOCKET NO.: 11-30494.001-R-1
PARCEL NO.: 14-33-207-029-0000

The parties of record before the Property Tax Appeal Board are Larry Finn, the appellant(s), by attorney Leonard Schiller, of Schiller Strauss & Lavin PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$ 35,437
IMPR.: \$ 152,173
TOTAL: \$ 187,610**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of two improvements. Improvement #1 is a two-story dwelling of frame construction with 3,358 square feet of living area. The dwelling is 128 years old. Features include a full basement and three full and two half bathrooms. Improvement #2 is a two-story dwelling of masonry construction with 862 square feet of living area. Features include one bedroom and one bathroom. The property has a 4,791 square foot site and is located in North Chicago Township, Cook County. The subject is

classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables for Improvement #1. The appellant did not submit comparables for Improvement #2.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,610. Improvement #1 has an improvement assessment of \$109,394 or \$32.58 per square foot of living area. Improvement #2 has an improvement assessment of \$31,035 or \$36.00 per square foot of living area. In support of its contention of the subject's assessment, the board of review submitted four comparables for Improvement #1 and four comparables for Improvement #2. In addition, the board of review submitted a property characteristics sheet that indicates the subject's total improvement assessment includes \$24,025 for a \$315,250 permit.

In written rebuttal, the appellant's attorney stated that the board of review did not include the home improvement exemption as part of the value of the improvements. The appellant's attorney also stated the board of review's comparables for Improvement #2 are significantly larger than Improvement #2.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the board of review correctly computed the assessment per square foot of each of the subject improvements and finds the board of review correctly accounted for the subject's recent permit in the amount of \$315,250.

The Board finds the best evidence of assessment equity for Improvement #1 to be appellant's comparables #1 and #2 and board of review comparable #1. These comparables had improvement assessments that ranged from \$20.94 to \$35.92 per square foot of living area. Improvement #2's assessment of \$32.58 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing

evidence that Improvement #1 was inequitably assessed and a reduction in Improvement #1's assessment is not justified.

The Board finds the best evidence of assessment equity for Improvement #2 to be the board of review's comparables #1, #3 and #4. These comparables had improvement assessments that ranged from \$36.47 to \$44.58 per square foot of living area. Improvement #2's assessment of \$36.00 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that Improvement #2 was inequitably assessed and a reduction in Improvement #2's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
