

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carlos Douglas
DOCKET NO.: 11-30594.001-R-1
PARCEL NO.: 29-01-417-007-0000

The parties of record before the Property Tax Appeal Board are Carlos Douglas, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$1,750
IMPR: \$1,192
TOTAL: \$2,942**

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry construction. The dwelling has 1,225 square feet of living area and is approximately 55 years old. Features of the home include a full basement, central air conditioning and a two-car garage. The property has a 5,000 square foot site and is located in

Burnham, Thornton Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on August 28, 2009 for a price of \$31,000. In a letter submitted with the appeal, counsel requested the subject's assessment be reduced to \$2,815 to reflect the 9.08% median level of assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$8,169. The subject's assessment reflects a market value of \$86,080 or \$70.27 per square foot of living area, land included, when using the 2011 three year average median level of assessments for class 2 property of 9.49% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparables to demonstrate the subject was equitably assessed. The board of review also provided a sale price for one of these comparables. Comparable #3 sold in May 2008 for a price of \$114,000 or for \$91.05 per square foot of living area, land included.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in August 2009 for a price of \$31,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the seller was Federal Home Loan Mortgage Corporation, the

parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service (MLS) and it had been on the market for 15 days. In further support of the transaction, the appellant submitted a copy of the settlement statement as well as a copy of the MLS listing sheet. The settlement statement disclosed the subject sold in August 2009 for a price of \$31,000 and commissions were paid to two realty firms. The MLS listing sheet revealed that the subject had been on the market for 15 days prior to its sale. The Board finds the subject sold proximate to the assessment date and the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was reflective of market value. The board of review presented a sale price for one of their comparables; however, this comparable sold more than 2½ years prior to the assessment date. As a result, the Board gives no weight to the board of review's market value evidence.

Based on this record, the Board finds the subject property had a market value of \$31,000 as of January 1, 2011. Since market value has been determined, the 2011 three year average median level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 9.49% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
