FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: RKS Partnership
DOCKET NO.: 11-31135.001-I-1 through 11-31135.008-I-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are RKS Partnership, the appellant(s), by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, industrial-type building with an adjacent 1,800 square foot single family home of masonry construction used for meetings. The property has a 35,436 square foot site and is located in West Chicago Township, Cook County. The property has eight Property Index Numbers (PIN) and only PIN ending in -010 is a class 2-03 property. All other PINs are classified as a class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$461,000 as of January 1, 2012.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$138,961. The subject's assessment reflects a market value of \$512,588 when applying the 2011 three year median level of assessment for class 2 property of 9.49% and the statutory level of assessments for class 5 property of 25% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables for the class 2 PIN and five suggested sales comparables for the class 5 PINs.

In written rebuttal, appellant's counsel argued the appraisal is the best evidence of market value in this case as the board of review's comparables are raw and unadjusted sales data.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$461,000 as of the assessment date at issue. Since market value has been established the 2011 three year median level of assessment for class 2 property and the statutory level of assessment for class 5 property under the Cook County Real Property Assessment Classification Ordinance of 9.49% and 25%, respectively, shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
