

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jennifer Susana  
DOCKET NO.: 11-31137.001-R-1  
PARCEL NO.: 16-04-208-005-0000

The parties of record before the Property Tax Appeal Board are Jennifer Susana, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND: \$4,347  
IMPR: \$2,771  
TOTAL: \$7,118**

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is 93 years old, and consists of a two-story dwelling of masonry construction containing 2,556 square feet of living area. Features of the home include a full unfinished basement and a two-car garage. The property has a

3,780 square foot site and is located in West Chicago Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation and assessment inequity.

In support of the assessment inequity argument, the appellant submitted information on four suggested equity comparables. In support of the overvaluation argument, the appellant submitted evidence disclosing the subject property was purchased on November 2, 2009 for a price of \$75,000, or \$29.34 per square foot of living area including land. Evidence of this purchase included the settlement statement and the Special Warranty Deed. The appellant also submitted an appraisal estimating the subject property had a market value of \$75,000 as of October 5, 2009. The appraisal was supported by three sale comparables. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$18,419. The subject's assessment reflects a market value of \$194,089 or \$75.93 per square foot of living area including land, when using the board of review's indicated size of 2,556 square feet and when applying the 2011 three-year median level of assessment of 9.49% for class 2 property as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted descriptive and assessment data on three suggested equity comparables with sales data.

In rebuttal, the appellant argued the board of review's suggested comparables should be given no weight as they were unadjusted, and that one of them was not proximate in location to the subject.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist

of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the appraisal submitted by the appellant estimating the market value of the subject to be \$75,000. The recent sale of the subject for \$75,000 is further evidence of the market value. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$75,000 as of the assessment date at issue. Since market value has been established, the 2011 three-year median level of assessment of 9.49% for class 2 property as determined by the Illinois Department of Revenue shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
