

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mohsin Sheikh
DOCKET NO.: 11-31153.001-R-1
PARCEL NO.: 30-20-411-046-0000

The parties of record before the Property Tax Appeal Board are Mohsin Sheikh, the appellant, by attorney Donald L. Schramm of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,535
IMPR: \$5,279
TOTAL: \$6,814

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2012 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one and one-half story dwelling of frame and masonry construction. The dwelling is approximately 60 years old and has 1,109 square feet of living area. Features of the home include a full basement, central air conditioning, a fireplace and a two-car garage. The property has a 4,725 square foot site and is located in Calumet City, Thornton Township, Cook County. The subject is classified as a

class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted limited evidence disclosing the subject property was purchased on November 21, 2008 for a price of \$32,745. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$6,814. The subject's assessment reflects a market value of \$71,802 or \$64.74 per square foot of living area, land included, when using the 2011 three year average median level of assessments for class 2 property of 9.49% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on three comparable sales.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be board of review comparable sales #2 and #3. These comparables sold proximate in time to the assessment date at issue and were similar to the subject in location, construction, age and living area. Comparables #2 and #3 sold in June 2010 and March 2010 for prices of \$67.13 and \$65.39 per square foot of living area, including land, respectively. The subject's assessment reflects a market value of \$64.74 per square foot of living area, including land, which is below the market value of the best comparable sales in this record.

The Board gave little weight to the sale of the subject's property. The subject sold in November 2008 which was over two years prior to the assessment date. Furthermore, the appellant did not demonstrate that the subject's sale had the elements of an arm's length transaction. The appellant did not complete section IV - Recent Sale Data of the residential appeal form. The appellant failed to disclose if the property had been exposed on the open market; the amount of time the property was advertised, if any; and whether the sale was the result of a foreclosure due to the settlement statement identifying the U.S. Department of Housing and Urban Development as the seller. Based on this record, the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
