

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Barry Zachary  
DOCKET NO.: 11-31625.001-R-1  
PARCEL NO.: 04-30-408-030-0000

The parties of record before the Property Tax Appeal Board are Barry Zachary, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,519  
**IMPR.:** \$56,581  
**TOTAL:** \$66,100

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately three years old and has 3,620 square feet of living area. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 10,020 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

When the appellant's attorney completed section 2d of the residential appeal form, counsel indicated the appeal was being based on comparable sales. However, counsel submitted evidence that indicated the appeal was actually based on assessment equity. In support of the inequity argument, the appellant submitted limited information on four equity comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$66,100. The subject property has an improvement assessment of \$56,581 or \$15.63 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables.

### Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

Both parties presented information on a total of seven suggested comparables. The appellant did not provide any information on the comparables' features (i.e., foundations, central air conditioning, fireplaces and garages, if any). Consequently, the Board gave little weight to the appellant's comparables due to the lack of descriptive information about the improvements which prevents a meaningful analysis to determine the similarities of the comparables to the subject property. Board of review comparable #2 was significantly older than the subject and also received little weight. The Board finds the best evidence of assessment equity to be board of review comparable #1. This comparable was very similar to the subject in all characteristics. As further support, board of review comparable #3, despite having less living area than the subject, was very similar in location, design, construction, age and features. These comparables had improvement assessments of \$18.46 and \$22.26 per square foot of living area. The subject's improvement assessment of \$15.63 per square foot of living area is less than the improvement assessments of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
