

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Monroe Development LLC
DOCKET NO.: 11-31867.001-R-1
PARCEL NO.: 15-10-314-031-0000

The parties of record before the Property Tax Appeal Board are Monroe Development LLC, the appellant, by attorney Edwin M. Wittenstein, of Worsek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,697
IMPR: \$2,303
TOTAL: \$4,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling. The dwelling is approximately 45 years old and has 2,147 square feet of living area. Features of the dwelling include two apartment units, a partial unfinished basement and a two-car garage. The property has a 4,527 square foot site and is located in Maywood, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on April 27, 2010 for a price of \$40,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$15,051. The subject's assessment reflects a market value of \$150,510 or \$70.10 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential properties under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four comparable sales that sold from August 2009 to June 2011 for prices that ranged from \$165,000 to \$280,000 or from \$73.14 to \$112.18 per square foot of living area, land included.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in April 2010 for a price of \$40,000. The appellant provided evidence demonstrating the sale had many of the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the Multiple Listing Service (MLS) and it had been on the market for 225 days prior to its sale. In further support of the transaction, the appellant submitted a copy of the closing statement and the MLS listing sheet. The MLS listing sheet disclosed the subject was described as a "short sale." The appellant also provided information on the subject's listing history, which revealed that the subject had been listed for sale for over seven months and the asking price was reduced seven times before it sold in April 2010 for a price of \$40,000. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction and was not able to refute the contention that the purchase price was reflective of market value. The board of review submitted four comparable sales. However, these properties had different assigned neighborhood codes than the subject, and one of the comparables had significantly more living area than the subject. Consequently, the Board gave the board of review's evidence reduced weight. Based on this record, the Board finds a reduction in the subject's assessment is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
