

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phil Dodson  
DOCKET NO.: 11-31940.001-R-1  
PARCEL NO.: 04-33-402-007-0000

The parties of record before the Property Tax Appeal Board are Phil Dodson, the appellant, by attorney Arnold G. Siegel, of Siegel & Callahan, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,468  
**IMPR.:** \$18,981  
**TOTAL:** \$25,449

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of frame construction. The dwelling is approximately 70 years old and has 806 square feet of living area. Features of the home include a partial unfinished basement and a two-car garage. The property has an 11,250 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted limited evidence disclosing the subject property was purchased on December 22, 2010 for a price of \$151,000 or for \$187.34 per square foot of living area, land included. The appellant did not complete Section IV - Recent Sale Data of the appeal and did not answer questions that asked if the parties to the transaction were related, if the property had been advertised on the open market and for how long and if the property sold in settlement of a foreclosure. The appellant's attorney submitted an undated letter in support of the subject's sale. Counsel stated that the fair market value of the subject property was "established by a December 22, 2010 arm's length, bona fide sale of property." To document the transaction, the appellant submitted copies of the sales contract, the settlement statement, and the warranty deed. The settlement statement disclosed that commissions were paid to two realty firms. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$25,449. The subject's assessment reflects a market value of \$268,166 or \$332.71 per square foot of living area, land included, when using the 2011 three year average median level of assessments for class 2 property of 9.49% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on four comparable sales.

The appellant's attorney submitted a rebuttal brief.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

In this appeal, both parties presented evidence of market value. The Board considered the December 2010 sale of the subject property relied on by the appellant and four comparable sales submitted by the board of review. The Board gave little weight to the sale of the subject property. The appellant submitted limited evidence regarding the subject's sale and failed to establish if the subject had ever been exposed to the open market. The Board gave more weight to the board of review comparable sales #3 and #4. These comparables were similar to the subject in many characteristics, and they sold proximate to the January 1, 2011 assessment date. Board of review comparable

sale #3 sold in November 2010 for a price of \$230.61 per square foot of living area, land included, and comparable #4 sold in May 2010 for a price of \$455.10 per square foot of living area, land included. These sales undermine the appellant's claim that the subject's sale price was reflective of market value. The subject's assessment reflects a market value of \$332.71 per square foot of living area, land included, which falls between the market value of the best comparable sales in the record. Based on this evidence, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
