

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Saji Varkey
DOCKET NO.: 11-32137.001-R-1
PARCEL NO.: 10-32-200-082-0000

The parties of record before the Property Tax Appeal Board are Saji Varkey, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,272
IMPR.: \$35,085
TOTAL: \$41,357

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction. The dwelling is approximately 74 years old and has 1,468 square feet of living area and a full basement. The property has a 4,480 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted limited evidence disclosing the subject property was purchased from Federal National Home Mortgage Association in June 2011 for a price of \$178,000. The appellant did not complete Section IV - Recent

Sale Data and did not answer questions that asked if a realtor had handled the subject's sale; if the property had been advertised for sale and for how long; and if the property sold in settlement of a foreclosure. To document the transaction, the appellant submitted a copy of the special warranty deed. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,357. The subject's assessment reflects a market value of \$435,796 or \$296.86 per square foot of living area, land included, when using the 2011 three year average median level of assessments for class 2 property of 9.49% under the Cook County Real Property Assessment Classification Ordinance as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on three comparable sales.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board gave no weight to the June 2011 sale of the subject property. The appellant submitted limited evidence and failed to disclose if the subject property had ever been exposed to the open market. The Board finds the appellant failed to demonstrate the subject's sale had the necessary elements of an arm's length transaction.

The Board finds the best evidence of market value in the record to be the three comparable sales submitted by the board of review. These comparables sold proximate to the assessment date at issue, and they were similar to the subject in nearly all characteristics. These properties sold from February to November 2011 for prices that ranged from \$440,000 to \$590,000 or from \$308.54 to \$385.12 per square foot of living area, including land. The subject's assessment reflects a market value of \$435,796 or \$296.86 per square foot of living area, including land, which is below the range established by the best comparable sales in this record.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
