

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anca Alexandru
DOCKET NO.: 11-32535.001-R-1
PARCEL NO.: 15-22-115-017-0000

The parties of record before the Property Tax Appeal Board are Anca Alexandru, the appellant, by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,345
IMPR.: \$2,495
TOTAL: \$4,840

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 69-year-old, two-story, non-owner occupied dwelling of masonry construction with 1,320 square feet of living area. Features of the home include a full basement, central air conditioning, and a two-car garage. The property has a 6,700 square foot site and is located in Proviso Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased in September, 2011 for a price of \$48,400. In addition, appellant's counsel submitted 37 suggested comparable properties. The grid was prepared by counsel for the appellant and includes nine closed listings and their printouts from the Multiple Listing Service (MLS). Based on this evidence, the appellant requested a reduction in the subject's assessment to 10% of the market value.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$16,016. The subject's assessment reflects a market value of \$160,160 or \$121.33 per square foot of living area, land included, when using the 2011 level of assessments for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on three suggested equity comparables with sales data on one of the properties.

In written rebuttal, appellant's counsel argued that the board of review's equity argument should be given no weight as nonresponsive to appellant's market value argument.

At hearing, appellant's attorney argued the subject's sale in 2011 is the best evidence of market value in the record. Counsel also argued that despite being a compulsory sale, the 2011 purchase was at market value based on the 37 suggested sale comparables. Finally, counsel requested that the Board take judicial notice of 08-30073.001-R-1, which was admitted in the record as Appellant's Hearing Exhibit #1. The board of review argued the appellant's suggested comparable sales are all compulsory sales. In rebuttal, appellant's attorney argued that under the Illinois Property Tax Code, the Board is required to consider the compulsory sales of comparable properties.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

In determining the fair market value of the subject property, the Board looks to the evidence presented by the parties. Based on appellant's admission, the appellant's recent sale is found to be a compulsory sale.

A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider the compulsory sales of comparable properties which were submitted by the parties. In considering the compulsory sale of the subject property, the Board looks to both the appellant's evidence and the board of review's comparables. The Board finds that the parties submitted a total of 10 completed comparable sales. These comparables sold from \$16.92 to \$114.41 per square foot of living area. In comparison, the subject sold in September, 2011 for \$48,400 or \$36.67 per square foot of living area, which is within the range established by the best comparables in the record. Therefore, the Board finds the subject's 2011 sale is reflective of the market value. Based on this record the Board finds the subject property had a market value of \$48,400 as of January 1, 2011. Since market value has been determined the 2011 level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
