

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anca Alexandru
DOCKET NO.: 11-32610.001-R-1
PARCEL NO.: 15-14-319-037-0000

The parties of record before the Property Tax Appeal Board are Anca Alexandru, the appellant, by attorney Adam E. Bossov of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,008
IMPR: \$1,492
TOTAL: \$3,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story, multi-family dwelling of stucco construction. The dwelling is an apartment building that is approximately 101 years old and has 1,798 square feet of living area. Features of the building include two apartment units, a full basement finished with an apartment and a two-car garage. The property has a 5,357 square foot site and is located in Maywood, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted evidence disclosing the subject property was purchased on January 3, 2011 for a price of \$35,000. The appellant also submitted a comparable sale market analysis. Based on this evidence, the appellant requested a

reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$13,585. The subject's assessment reflects a market value of \$135,850 or \$75.56 per square foot of living area, land included, when applying the 10% level of assessment for class 2 residential properties under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables.

The appellant's attorney submitted a rebuttal brief.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the only evidence of market value in the record was the purchase of the subject property on January 3, 2011 for a price of \$35,000. The appellant provided evidence demonstrating the sale had many of the elements of an arm's length transaction. The appellant partially completed Section IV - Recent Sale Data of the appeal and disclosed the seller was U.S. Bank, the parties to the transaction were not related, the property had been advertised on the open market with the Multiple Listing Service (MLS), and the property sold in settlement of a foreclosure. In further support of the transaction, the appellant submitted a copy of the MLS listing sheet. The listing sheet disclosed the property was first listed for sale on November 2, 2010 at a price of \$49,900, and the price was later lowered to \$38,500. The property was on the market for 30 days before a contract was signed on December 1, 2010. The sale price was \$35,000, and the closing date was January 3, 2011. The listing sheet also revealed that the property was sold by a realtor. The Board finds the purchase price is below the market value reflected by the assessment.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or to refute the contention that the purchase price was reflective of market value. The Board gave no weight to the board of review's equity evidence as it did not address the appellant's overvaluation argument. Based on this record, the Board finds a reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
