

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lubina Sultana
DOCKET NO.: 11-33063.001-R-1
PARCEL NO.: 06-27-203-008-0000

The parties of record before the Property Tax Appeal Board are Lubina Sultana, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 2,023
IMPR.: \$ 0
TOTAL: \$ 2,023

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a vacant parcel of land. It is located in Streamwood, Hanover Township, Cook County. The property is a class 1-00 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on seven equity comparables. They are all classified as Class 1-00 property and had a land unit price of \$0.50 per square foot. The comparables are located between four blocks and three miles from the subject property.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,586. In support of its contention of the correct assessment the board of review submitted information on five suggested sale comparables located in varying cities, ranging in size from 1.60 to 5.29 acres of land.

In written rebuttal, the appellant indicated the correct land square footage of the subject was 40,510 square feet

At hearing, the appellant confirmed that the actual land square footage was less than indicated on the grid sheet. He testified that the city had taken part of the land prior to his purchase in 2010. The appellant was given seven days to submit evidence of the correct land square footage, and did so in a timely fashion. The printouts from the Cook County Assessor's Office, identified as Appellant's Hearing Exhibit "A", indicated the correct land square footage of 40,510.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant has met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of assessment equity to be appellant's comparables. These comparables had a land unit price of \$0.50 per square foot of land. The subject's land unit price, using the correct land square footage of 40,510, is \$7.06 per square foot, which is above the range established by the best

comparables contained in this record. Accordingly, the Board finds the appellant did demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
