

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Omar Saleh
DOCKET NO.: 11-33258.001-R-1
PARCEL NO.: 13-16-413-017-0000

The parties of record before the Property Tax Appeal Board are Omar Saleh, the appellant(s), by attorney Adam E. Bossov, of the Law Offices of Adam E. Bossov, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,988
IMPR.: \$46,990
TOTAL: \$50,978

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2011 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2,493 square foot parcel of land improved with a 96-year old, two-story, masonry, multi-family dwelling containing 4,905 square feet of building area. The property is located in Jefferson Township, Cook County and is a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of the overvaluation argument the appellant submitted a copy of a settlement statement, special warranty deed, and the multiple listing database printout disclosing that the subject was purchased in August 2009 for a sale price of \$317,900 or \$64.81 per square foot of building area. The appellant filed this appeal after the Board rendered the 2010 decision. The appellant did not assert or submit any evidence disclosing that the subject property was owner-occupied.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,978. The subject's assessment reflects a market value of \$537,176 or \$109.52 per square foot of building area using the Department of Revenue's 2011 three-year median level of assessment for class 2 property of 9.49%.

In support of the assessment the board of review submitted a brief asserting that the subject property's sale was a compulsory sale and not reflective of the market. To support this, the board of review included copies of printouts from the recorder of deeds office listing the subject's sale history and the lis pendens. The board of review also included evidence on four sale comparables. These properties sold from April to December 2010 for prices ranging from \$113.95 to \$131.15 per square foot of building area.

In rebuttal, the appellant submitted a letter asserting that the prior Board decision which found for a reduction in the assessment based on the sale of the subject. The appellant noted that the Board's decision found that the board of review did not challenge the arm's length nature of the sale of the subject or refute the sale price as reflective of the market.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

In the instant appeal, the board of review challenged the sale of the subject as not reflective of the market value due to the condition of the sale. In addressing the appellant's and the board of review's market value arguments, the Board finds that the sale of the subject in August 2009 was a "compulsory sale." A "compulsory sale" is defined as

- (i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Board of Educ. of Meridian Community Unit School Dist. No. 223 v. Illinois Property Tax Appeal Board, 961 N.E.2d 794, 802, 356 Ill.Dec. 405, 413 (2d Dist. 2011) (citing Chrysler Corp. v. Illinois Property Tax Appeal Board, 69 Ill.App.3d 207, 211, 387 N.E.2d 351 (2d Dist. 1979)).

However, the Illinois General Assembly recently provided very clear guidance for the Board with regards to compulsory sales. Section 16-183 of the Illinois Property Tax Code states as follows:

The Property Tax Appeal Board shall consider compulsory sales of comparable properties for the purpose of revising and correcting assessments, including those compulsory sales of comparable properties submitted by the taxpayer.

35 ILCS 200/16-183. Therefore, the Board is statutorily required to consider compulsory sales of comparable properties. However, the Board finds that the mere assertion by the board of review that the subject's sale was not at market solely because it is a compulsory sale is accorded no weight without evidence supporting that assertion.

In the instant case, the Board looks to both the appellant's and the board of review's evidence of comparable sales. The Board finds that the board of review submitted four sale comparables while the appellant did not submit any comparables. The comparables sold from April to December 2010 for prices ranging from \$113.95 to \$131.15 per square foot of living area. In comparison, the subject sold in August 2009 for \$64.81 per square foot of living area which is below the established market. Therefore, the Board finds the subject's sale not reflective of the market. In contrast, the subject's assessment reflects a market value of \$109.52 per square foot of building area which is slightly below the range of the established market, but higher than the sale price. Therefore, the Board finds the appellant did not meet its burden and a reduction in the assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
